

Take Courage WE WILL OVERCOME

Elder Junior Brown

Main Scripture: Nehemiah 1: 1-11; Joshua 1: 1-8; Jeremiah 1: 1-8

Supporting Scriptures:

Notes:

Take courage we will overcome. there are some situations we face where the whole situation seems dark and bleak. Somethings that come our way we ponder over these things and you can hear people saying where is God and why doesn't God show up and do something. When will the pandemic be over. But I want to encourage us to take courage! we will overcome. The pandemic may not be over now but for the child of God, we should know that God will take care of the situation we face today. God never steps back from what he plans and he plans for us good things. He never said we won't face the pressure of life. So I say take courage we will overcome.

The word courage means the strength of the mind to control fear and act firmly in the face of danger or difficulties. Nehemiah was in Shushant as the king's cupbearer. In other words, he would have to taste the cup in case there is poison in the drink. Annanie came to him and he asked them about the Jews who escaped from the captivity and they said that Jerusalems walls are torn down and the people are suffering. The bible said he wept and mourned and went into prayer and fasting.

How can we face the difficulties of this life but take care knowing we will overcome them. Everyone is seeing danger and difficulties but for the child of God, we can relax and take courage knowing that the God we serve will stand by us. I hope we won't get weary and drained by the conditions of Life and denounce God as a failing God but will strengthen our minds and be firm in our doing.

Nehemiah looked at the situation and prayed to God and the king granted him a safe passage to build up the walls and got the materials to do what he had to do. We can see where God stood by him in all things even though there were those who tried to interrupt.

Don't be fearful of the situation. strengthen your mind and carry on in faith. Don't cry, stand up strong and be faithful. Take courage we will overcome. I look back in my life and say it's time to strengthen each other and bear each other's burden and strengthen the minds of the weak ones. We will overcome no matter what. If we don't mess up with our worship we will overcome. God is faithful to his word and I want to tell someone that we don't serve a God who plays games and let it look like he doesn't exist but he is serious with what he says and so we are going to trust him and work along with what he says. My friend, we came too far to be losing out on God. we are too far to allow the world to dictate to us our spiritual life. we must overcome through the power of God in our lives. keep on trusting and believing because God has a responsibility to take care of us. don't worry about when it's going to happen or where it will happen.

Joshua 1: 1-8

These are the words coming from the mouth of GOD. God is saying Moses is dead no time for weeping, condition your mind take courage, and take these people across Jordan. There are some divine orders

Sunday Afternoon NOTES 2021-04-25

given by God that no one can detour. Some direction that is given no one can detour that. There are some things that God prophesies for your life that no one can detour.

look at the word and hold on to the word. " I will not fail thee nor forsake thee" inject God's word in your spirit.

Stand strong and get the courage to stand. Strengthen your mind to control your fear and act firmly in the face of difficulties.

We meet a failing grade when we allow the deep seating word to depart from our mouth and life. God is saying if this word settles in your mind then you will have good success and you will make your way prosperous. we can't allow ourselves to divert from the word of God. Stick to the word of God no matter what and we will overcome.

When it comes to spirituality everyone has an opinion but God says the only way you will have good success is by doing things his way.

Strengthen your mind. don't be afraid for the Lord is with you. I see the LORD thy God is with thee. Stand strong and be faithful lit up your head he is able to fight the fight for you and hold up your hands and keep you firm. take courage we will and we must overcome.

Jeremiah 1: 1-8

The word of the Lord came to Jeremiah to tell him he is a prophet to the nations. from the womb you can speak a negative or positive word from the womb and it comes out as they grow up in life. God is saying take courage my child you got to overcome. Strengthen your mind for the purpose of God don't let people and their negative thoughts overpower you and dampen your life and then you turn it on God and become a failure to God. We all have to overcome. we want to declare that we Will overcome no matter what. There are some issues that seem so difficult and if I evaluate it I don't know if I will ever overcome these things but God said I am the Lord your God and I will overcome. Hold on to it I will I will I will overcome. Put it in your spirit and when you hear negative things just say I will overcome by the mercies of God. Don't let anything put you in fear you are a child of God.

Tonight take courage and ask yourself if God really real in my life? if not make him real tonight. I have some difficulties but I will trust God. Strengthen your mind firmly stand and act on those difficulties. God didn't say we won't have problems but the beauty about God is that he stands beside you and watch you and direct you and steers you around difficult things and when you come out of all these things you will come out as pure gold.

We will stand together, fight together and weep together and we must overcome.

Tonight I want to tell someone that we serve a real God and he promises many lots of things and some were not fulfilled in their life but they fight it through because they desire a better country. Put your mind on Jesus. Take courage! we will overcome.

God bless you be strengthened in Jesus Name.
