Notes:

Jesus did say upon this rock I will build my church and the gate of hell will not prevail against the church. In the book of Exodus 3 is a story of the Lords visitation to his servant who is considered a prince and born in a time of adversity. Moses during this period was not in the palace living in comfort but escaped for his life in the land of Miriam. He is a one God believer from the tribe of Levi. Here in the land of Midian he is work for a priest in this land and taking care of sheep. While Moses was in the palace we did not get an account that God ever spoke with him. While he was in comfort we are not told that God spoke to him. We know he was taught from a tender age that Yahweh is one and that there is only one God to be worshipped. He was taught that he was not like the Egyptians and he was a Hebrew boy. Having escaped Pharos that Dwight to kill him for defending a Hebrew and killed an Egyptian and hid him. Moses fled to the land of Median and there we are now given this account that Moses led his father in laws flock to the wilderness and let us understand that this job he had was not an ordinary job. It was more difficult that standing up for his brother in Egypt. You talk to shepherds and try to find out why it's so difficult to shepherd and a scientist stated there is only one quality in a sheep everything else is seemingly dull. The only quality in a sheep is that a sheep knows his masters voice. So Moses from a place of comfort is in the land of Median with his life turned upside down and as you read through scripture you hardly hear anything about his family. Moses led the flock far into the wilderness is on Sinai the mountain of God. When God is about to reveal something to you it must arrest your mental capacity. Gods revelation must create wonder and amazement. So Moses saw a bush burning but not being consumed. Every revelation means something:

1. It stopped Moses activity as shepherd.

Moses is going to be selected to lead Gods people and Go of shows up and watches Moses and looks to see if he would pause and stop because if he is ever going to lead his people he must understand the mystery of the fire and as time goes along Moses will meet God on a mountain on fire and the mountain would not be consumed so that's why we read when God showed up in fire the people were afraid but odes was not because he had an experience with God on the backside of the desert.

Your experience with God has a purpose for the future.

A man must be prepared not only to see but also receive a revelation. Many have seen and heard but only few have perceived. As long as Moses disobeyed he would not understand what God had to do.

You are no ordinary person.

God is looking at all times God is looking. God is concerned about the people that carry his name. Israel was selected at that time to be a light to the nations of this world. Israel is the nation that carried the name of God.

God is always observing the distress and oppression of his people and if God selected Moses to lead his people in an act of justice then it means God cannot turn a blind eye to the distress of his people today. If he causes his people to be consumed in distress then he is not the eternal God. There is no persecution that God can not be concerned with. That why he said never take vengeance it longs to me. This just God

has a time clock of his own will. God wants us to be free, to be liberated. There may be those of us bound by the worldly powers of darkened but God has come to lead us out of it.

Exodus 5:1 -5

Freedom comes with a purpose and it's not to just do our own will.

God has something to say about comfort and luxury. God want them to have a festival in the wilderness. The world system refuses to acknowledge the eternal one and that he is the only God and beside him is no other.

As children of God this tells us how serious he is about His worship. There can be no agreement either the world concerning the worship of God.

What is it that brought Moses in the presence of Pharaoh? It is an encounter with God and this tells us that when God speaks to us his will and we have to face the adversary, they will put up a fight because he knows of the will God fulfill there will be a brilliance of light and the purpose of the adversary is to keep you in a shadow of darkness. As long as you are paralyzed in fear then that thing becomes your master

Exodus 8:1 -4; Exodus 9:1 -7

God knows how to keep his people in the midst of a battle. This battle was about worship. The powers of Egypt versus this one God. What is the current battle? It's the God of this world verse the creator of this world.

Man and his power against the eternal God. The problem we have is a religious war but God says my people must be free to worship. When the adversary pushes against Gods people he will act

Exodus 10:1 -4, 22-29

You maybe living your life walking with the Lord and there is someone on the job is giving you a difficult time ask God and he will answer. God told Moses he made pharaoh and his officials stubborn the most cruel person on the outside there is something from God in him. He said all souls are mine. If God removes his presence from someone and his conscience is seared he becomes cruel.

God will do signs so you must know that God is God.

We have picked up papers be it the Toronto star and the news and seen and heard about swarms of plagues and locust eating farms this is nothing new the locusts are reserved for judgement. We heard in Exodus 10:23 we see the plague of darkened and this will reoccur before the coming of our messiah but the church will not need to be afraid.

It is this God that said let there be light but there was only light where the people of Israel lived.

Darkness over the world but light on Gods people. If God chooses to hide his light the world will be covered in darkness. Now is a time of confusion and there is darkened on the world. It doesn't matter what the government will try to do every man is in a state of confusion and they may project as those they have control but it's the hand of God stretched out across the globe. In the midst of the confusion Gods church is still in the light. God knows what's happening across this land.

The church of the living in light and we are carriers of the light of God. God can have the believers in light while the world is in darkness.

The world wants to bargain concerning our worship but there is no negotiation. God must be worshipped in spirit and in truth. The world knows how to negotiate but we can't bargain concerning our worship.

We can't leave one thing in Egypt no negotiation! It's a time now where the world wants to negotiate and compromise your worship but now those that worship must worship him in spirit and in truth. Worship has nothing to do with feelings and that's why we are in this state today because we feel God wants us to do this or that. I don't feel like preaching but he says you going to preach the word. There are days you don't know what to say and you ask one more time to use me and it's never about feeling. Moses had no document and strategy for their deliverance he only had the name to call him by. The name is what we

have and it speaks of the fame of God and tells us who God is by his fame. The church has to know the authority in the name of God. Touch not the unclean thing. No compromise! All that we have belongs to the name of our God we can't compromise with God's property.

Deuteronomy says to love the Lord with all your might, heart and soul! No compromise!

Exodus 11: ; Exodus 14: 15-31

When Pharaoh decided to kill all the Hebrew boys the river was filled with blood but now he has a final blow for Egypt. God knows how to orchestrate his plan to bring forth his purpose. He told them to take a lamb and put the blood on the door and no one go outside and everyone must stay in their house and eat that lamb. If the blood is not on your house there will be deaths and that night is called the Passover. Those who believed in the word of God were saved God will not spare a disobedient person and so when the angel saw the blood that's what made him Passover. Jesus is that lamb he was crucified on Calvary and that blood means everything to those who believe. If you have that blood you won't see eternal death. Any man who doesn't believe in him will die in sin. You're walking in the light of the word.

So many folks jump and holler but God know why people are worshiping. The people of God know what worship is it is an obedient life to the word of God. God put judgement on the house of Egypt to prove who his true believers are. Death in the house of Pharaoh and the officials everyone of them had death all around but in the house of the believers was a readiness to worship God was about to take them out of darkness.

God is setting a stage to deliver his church out of the world it's time to recognize these are the last days something is about to happen now at any time and moment something beautiful is about to happen but the believer is packed and ready to go. He will appear are you ready for the coming of the Lord? He is coming are you ready? Don't look on the darkness look on the light in the midst of the church we are told this same light will show up in his glorious appearing. Behold him the Lamb of God. John fell as dead when he looked on him. My focus is on the Lamb of God the focus is on the one who will rapture me. Let them huff and puff and blow away the house but my God is the mighty God and he is the Alpha and Omega. Yes and where the children of God are there is an anointing travelling with them. Tell my people to go forward! The church should never lose momentum. The church must know that in the midst of the battle and depression facing you you must move the church is a moving organization and is never still. The church has nothing to fear move forward. God will do something in the midst of confusion. But if we stop to pay attention to the confusion there is a problem. Who can stop the mighty hand of God?

This is not a surprise for God. From the movement of the creation of the Red Sea he had already instructed it that at this time it must part. What does a staff have to do with the parting of water? The Red Sea saw it as it's time that this day is the day that we must part.

The miracle of the church is for those who believe and have the name of Jesus.

You can't pass through the miracle without the name. Jesus must be worshiped and lifted up. God don't want you to die he want to save you but you must now to his name!

Jesus must be worshipped! If you don't feel like worshiping it's because you don't know who Jesus is. Now that you know him you must worship him.
